### HR Lunch & Learns

### REMINDER: EHRA Non-Faculty Performance Review

- As a reminder, the annual performance cycle for EHRA non-Faculty employees is from July 1 – July 30th. All performance evaluations should be prepared and delivered to the employee no later than July 31st. Similar to last year, the Dean's Office HR Consultants will distribute ratings spreadsheets to each department by late July. Spreadsheets will be due by August 2, 2019 and the ratings will be entered into ConnectCarolina by the Office of Human Resources. Attached are both the Annual Performance Appraisal Form and the EHRA Non-Faculty Performance Goals Document. For information on EHRA non-faculty performance evaluations please [click here](#). If you have additional questions and/or concerns, please reach out to your HR Consultant.

### Salary Increase Freeze Until Adoption of FY 2019-2020 State Budget

- Given the lack of an adopted State Budget for FY 2019-2020, the System Office has received official guidance from the Office of State Budget and Management (OSBM) of a temporary freeze for many types of salary adjustments regardless of funding source and employee type effective July 1, 2019 or later until further notice. For those actions that remain permissible during this freeze, all regular UNC System salary pre-approval procedures remain in effect. This freeze is also not intended to cause any interruption to offers to external candidates for existing budgeted positions. All affected employees will be notified via email with copies to the Department Manager and Department Chair. Once the freeze is lifted, any pending salary increases will be initiated retroactively. If you have additional questions and/or concerns, please reach out to Ashante Diallo, [ashante@unc.edu](mailto:ashante@unc.edu).

## **Finance Announcements:** Manish Kumar, Associate Dean for Finance and Budget Management

1. Payout/Reinvestment process will be coming up towards the end of the month. Please begin looking at your endowments to prepare for this process. Payouts have posted to your University sources (Fund 28200 - source 7XXXX) & College of Arts and Sciences (fund 29920 - sources C0XXX). In the meeting materials, we have provided the 'To Help Prepare For' e-mail we sent out last month and a help document on how to read the Trust Funds by Owning Department report. The Dean's Office Finance Team, Meredith Tunney, & Joanna Cardwell will host a Help Session on Thursday, August 1st from 10 am to 12 noon. An e-mail with a doodle poll will be sent out in the coming weeks.
2. Dean's Office Commitment Allocations, Professorship salaries & research funds, & permanent salary adjustments will be allocated by the end of August.
3. Year-end Deficits on State & Dean's Office allocated sources - If you have a deficit greater than \$100 on your state or DO allocated trust source, you will receive an e-mail within the next week with options on how to pay back the deficit.
4. Start-up allocations - We will be allocating more start-up on trust funds. The same trust fund may not be used each FY so please search your ledgers by using the faculty's unique program code rather than the previous year's source. And please make sure that you run your commitment report in ASR monthly to check for new DO allocations.
5. Operational Excellence - Chase Debnam, department manager of Psychology and Neuroscience will be in touch with the departments who have not completed their operational excellence training as of July 10<sup>th</sup>. Additionally, unnecessary campus vouchers – or those that resulted from procuring items via methods not recommended by the decision tree will be sent an Excel report on a monthly basis. As you review your data, please consider the following questions:
  - What are the drivers of unnecessary campus vouchers in my unit?
  - What steps can I take now and in long-term to eliminate unnecessary campus vouchers?
  - How can I limit personal reimbursements and ensure that items are procured via the appropriate purchasing method moving forward?

## **Update on Dean's Office Positions**

**The Dean's office is currently in the process of recruiting multiple candidates for the following positions:**

1. Lead accounting technician:
  - The final round of interviews will be completed during the week of July 15<sup>th</sup>.
2. Accounting technician position:

3. Senior Budget Analyst:

The NCCU interns will be working with a variety of areas within the business operations office to include:
  - Contracts and Grants
  - Accounting Shared Services
  - Human Resources

### **Instructions for Setting EHRA Non-Faculty Performance Goals**

#### **When Do I Set Goals?**

Performance goals should be set at the beginning of each performance evaluation cycle which runs from July 1st to June 30<sup>th</sup>. For the current performance, completing this document is optional. For the performance cycle beginning July 1, 2019, this document will be mandatory.

#### **What is the Right Number of Goals?**

Supervisors should establish at least three (3) goals and objectives for the employee. We recommend no more than five (5) goals.

#### **Where Should We Focus?**

Goals and objectives should be based on key business needs, strategic initiatives, and principal functions of the position. These goals are not intended to cover all aspects of the employee work product. They should be focused on key results, outcomes and deliverables and may be:

- **Critical-Function** - highlight some of the most critical work needs in the position description
- **Compliance-Focused** - ensure compliance with relevant policies, procedures, regulations, and/or job requirements
- **Project-Oriented** - may be regular or one-time work that is significant during the cycle
- **Work-Unit Specific** - improve and/or sustain work product or related team dynamics
- **Division-Wide** - tied to University strategic goals and/or initiatives
- **Forward-Focused** - align with the unit and the University strategic goals and mission

#### **Does My Employee Have a Say in This?**

Yes! It is important that the employee have a voice in the process to ensure buy-in and engagement. Often managers will have the employee take the first pass at creating their own goals for the upcoming performance period.

#### **How Do I “Connect the Dots” for my Employees?**

It is important that individuals see how their work is tied to the overall mission, vision and priorities of their organization. Whenever possible, your employee’s goals should be aligned to The University of North Carolina System Strategic Plan, UNC-Chapel Hill Blueprint for Next Strategic Plan, UNC-Chapel Hill Institutional Goals and your Division/School goals. Linking these higher-level goals and strategic priorities to the individual’s performance goals will enable the individual to connect their performance to the performance of their division/school as well as the University and the System as a whole. Refer to the Goal Alignment Worksheet to help “connect the dots”.

#### **Where Can I Find More Information?**

For additional information and resources for writing individual goals, please visit the OHR website at <https://hr.unc.edu/managers/performance/ehra-evaluation/>

### **Instructions for Creating a Professional Development Plan**

Discuss professional development activities with the employee and determine the appropriate activities to be established during the performance cycle. These may include activities for employee growth and/or to address performance. Some examples of professional development activities may include training programs, committee work, conference attendance and/or presentations, or other related activities that maintain, develop or broaden employee skills relevant to the employee’s position, career path, or service to the University.

***This message is being sent from the Dean's Office Finance Team to all College of Arts and Sciences Managers with a copy to all Deans, Directors and Department Heads***

This e-mail to provide early notice of the College of Arts & Sciences Endowment Payout/Reinvestment Process so that departments can be better prepared for the upcoming process in July.

Summary of action to prepare for Reinvestment/Payout Process:

- **Arts & Sciences Foundation Endowment and Expendable (CXXXX) & the University Endowments (7XXXX):** Reports will be available in ASR in late July. We will send out notification once the report is open. The Dean's Office has two very helpful reports that you can use to prepare for this process.
  - **Endowment Market Values Report** – this report provides the anticipated payout for June 2019. Please make sure to select the latest month available (currently April) for the most accurate payout. Please note that this is a projection and the amount may change when we receive the actual payouts in late June.
    - You can use this report for University Endowments (7XXXX), Chapel Hill Foundation Endowments (U0XXX), and CAS Foundation Endowments (C0XXX)
  - **Trust Funds by Owning Department** – although we are still in the fiscal year and funds are still being expended, you can use this report to view the expendable gifts your department has received throughout the fiscal year up until the current date. The expendable gifts that you have collected throughout the fiscal year will show under fund code 29930 until they are paid out in early 2019.
    - You can use this report for Chapel Hill Foundation Expendables (U5XXX), and CAS Foundation Expendables (C5XXX)
    - Also, once the June 2019 payouts post you can view these amounts within this report
      - University Endowment payouts will show under fund code 28200
      - CAS Endowment & Chapel Hill Foundation Endowment payouts will show under fund code 29920

In case you need a refresher on locating and reading the reports, please find attached a help document on how to read each report.

Also, we will be having a help session in August to assist with any questions you may have including reinvestments, reading your budgets, understanding college reports and commitment allocations. Information will be sent out soon about signing up for a session.
